## REPORT OF WHITE PINE BLISTER RUST CONTROL

---

To the Chairman,  
Board of Selectmen,  
Rindge, N. H.,  
Dear Sir:

In accordance with the terms of an agreement executed between the town of Rindge and the New Hampshire Forestry Commission, we are submitting a report of White Pine Blister Rust control work performed in your town during 1928.

Last March at town meeting 75 towns voted \$26,300 for White Pine Blister Rust Control, in co-operation with the State Forestry Department. The authorities of four cities approved appropriations totaling \$2,400 and in addition three cities made available \$600 for the protection of the white pine around their water supply. Thirty-seven owners of white pine, including individuals and lumber companies put up about \$6,000 for control work upon their own lands.

We are submitting herewith a financial report indicating the expenditures made by both town and state in your town, together with the acreage covered and currant and gooseberry bushes located and destroyed. Had it not been for an unusually rainy season no doubt a larger acreage would have been put under control. If there are any other facts pertaining to this work not contained in this report, we shall be glad to advise you upon request.

As many of the towns co-operating in Blister Rust Control include this statement in their annual report, we would suggest that your town do likewise.

Respectfully yours,

J. H. FOSTER,  
State Forester.

## AUDITOR'S REPORT

Year Ending January 31, 1929

---

We hereby certify that we have examined the books, bills payrolls and vouchers for the same, as submitted by the several Departments of the Town and by the trustees of the Trust Funds, and find the computations, receipts and payments to be correctly reported by such departments.

We note several points in the conduct of Town Financial matters, to which we call attention:

Certain checks or orders, drawn to the Order of Town Officials, we notice have been cashed by the Bank, with the Personal indorsement of the Official.

In one case the check was cashed, with no indorsement at all. This is, of course, carelessness on the part of the Bank, but might cause trouble in case of a dishonest official.

We also note that the Road Agent's pay rolls should, according to a ruling of the Tax Commission, be signed by the workmen in receipt of their wages paid to them. Or if workmen are paid by checks, the cancelled checks should be produced as evidence of payment. Neglect of this might also cause trouble in case of a dishonest official, or a dishonest workman.

LUCIUS B. MORGAN,  
CHARLES H. CUTLER,

Auditors.

## REPORT OF THE TRUSTEES OF THE INGALLS MEMORIAL LIBRARY

January 1, 1928 to January 1, 1929

---

The report for the Library for this year has nothing of special moment to record.

We wish to express our appreciation for the faithfulness of our Librarian Miss Brigham, and the janitor Mr. Barrett who for so many years have never neglected their duty.

The teachers of our public schools have shown great interest and done many helpful things for the scholars in Library facilities.

The advent of the Boy Scout camps into town have and will mean a further patronage of the Library.

We miss the genial presence of Miss Mary Lee Ware, who so often visits and takes such interest in our Library, we understand she will return and be in town this year.

In closing we ask for the annual appropriation of three hundred dollars.

Respectfully submitted,

WILLIAM F. ROBBINS,  
HARRIS H. RICE,

Trustees.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board of Rindge:

I submit herewith my eleventh annual report, it being the twenty-fifth in the series under union supervision.

We were obliged to secure three new teachers this year for the regular teaching positions, and to secure a new supervisor of music to succeed Miss Geneva J. Howe who became supervisor of the city schools in Keene. We were able to retain the services of Miss Belcher at West Rindge, where she has given faithful service for the past six years.

It was decided, previous to the close of schools last June, to transport the pupils from East and West Rindge to the grammar school at Rindge Center, thus leaving six grades in each of the other three schools.

For the position in the Rindge Center grammar school Miss Helen R. Wiggins, a graduate of the three year course at Salem Normal School was chosen. For the position in the primary school Miss Elizabeth Austin, a graduate of Keene Normal School, with a year of teaching experience was elected, and for the East Rindge school, Miss Gertrude Trottier, a graduate of Fitchburg Normal School, with one year of experience as a substitute teacher in the Fitchburg schools, was elected.

The total enrollment for the schools of the town is about the same as last year. Although the total enrollment for 1927-28 was ninety-six, four pupils were enrolled in two different schools during the school year. The average membership for the first term of the present school year, 85.17 is nearly six larger than last year, when it was 79.54, and the average at-

tendance has been 81.64 as compared with 73.25 for the school year 1927-28.

The consolidation of the pupils of grades seven and eight at Rindge Center enables those pupils to do considerably more work than was possible when three grades were working in three different schools, some of them with six or seven other grades.

In the eighth grade the same course in business methods in arithmetic and commercial geography is being taken that has proved very successful in the junior high schools in Jaffrey, Fitzwilliam and Troy. An effective course in elementary science has been introduced, and there is every indication that the present eighth grade, when they complete their work, will be much better fitted for high school subjects than was possible under the former arrangement.

The schools at East and West Rindge and the primary school at Rindge Center have been doing especially good work during the present school year.

Miss Hutchinson, who succeeded Miss Howe as supervisor of music, has started in well, and the schools are showing good results under her direction.

The West Rindge school building was fortunate in being only slightly damaged during the terrific wind storm last September which caused such havoc in that locality. During the early winter a new wood shed was built to house the wood on the school premises.

Electric lights have been installed in the Center School and at West Rindge.

It was decided last October that it was inadvisable for the schools to close for the State Teachers' Convention at Concord, and the Rindge teachers attended the rural institute which was held at Fitzwilliam on Oct. 31st. This meeting was attended by about forty teachers from this section. It was under the direction of Miss Phila M. Griffin, State Agent for elementary schools, and the speakers were Prof. George H. Whiteher, for-

mer Deputy Commissioner of Education, Superintendent Williams of Ashland, and Superintendent Douglass of Winchester.

I am certain that all teachers found this institute very interesting and helpful.

I desire at this time to thank the school board, teachers, parents, pupils, and all citizens who have been interested in our efforts to advance the work of the Rindge schools.

Very truly yours,

LEWIS S. RECORD,  
Superintendent of Schools.
